

LeAnne June Quimby

June 2, 1942 - November 23, 2015

Our sister, mother and forever friend, LeAnne June Quimby, went to Heaven, Monday morning, November 23rd, 2015.

LeAnne, following her sisters Roberta and Marlene, was born to Robert and Lillian Willette on June 2nd, 1942. She grew up in her beloved town of Lemmon, South Dakota where she graduated from Lemmon High School. As an elegant young lady, she was crowned in high school and many times later with philanthropic organizations.

After attending a medical trade school in Minnesota, she moved to Oregon, threw in a little sky-diving, got married and had three daughters: Shannon, Stephenie and M'Leesa. Her life's journey took her from Portland to Pendleton, Oregon (working at InterPath Laboratories) and back to Portland (working at Blue Cross and Blue Shield of Oregon). In 1991 she moved to Arizona to begin her profession as a successful realtor. She loved all things domestic: interior decorating, gardening, canning, baking and sewing, all self-taught. LeAnne's most treasured talent, however, was bringing people together. Through her endless hours of volunteerism, strong work ethic and coordinating gatherings that always ended in laughter, she was truly one-of-a kind.

Throughout her life she made the kind friendships that we all desire and she will be missed by so very many. She is survived by her sister Marlene, her daughter M'Leesa, her daughter Shannon (husband Glenn) and grandson Chase and her daughter Stephenie (husband Tim) and grandchildren Lauren, Elizabeth and Beau. Please make LeAnne smile by raising a glass in her honor and living your life to your full potential. If you would like to make a donation, please do so in her name to your cherished organization. And as LeAnne always said "Make it a great day."
