“ Chris was one of the nicest people I have ever had the opportunity to work with in the Automotive industry. I have known him for over 15 years, and we worked at a couple of different stores together. That last time I saw Chris was when I was having lunch at Oswego Grille, then one of my employees went to lunch with Chris at the Oswego grille a few days later, I asked her to pick me up something while she was going there. She had lunch with Chris Which I didn't know that, and he paid for mine! I will miss you my friend, see you on the other side, RIP bud

“ *Chis was my service advisor shortly after my wife had passed away from cancer. He was very kind. Whenever I needed service he always remembered me and we would catch up. He confided in about his journey. I just found out he passed. He will be missed greatly. Blessings.*

“ *Chris was an honest, and straightforward person. I admired that quality in him. I worked with him and we formed a great working relationship that allowed us to help and depend on each other from a service and sales direction that his/our clients appreciated I think. When he got sick.... he tried hard not to let this get in the way, even though we all knew he was battling. Which he did with dignity and courage. I'll miss him. RIP my friend.*

“ Just found this treasured pic! I had stored my old Mazda while at Oregon, and Chris needed to borrow it while he worked on his Mustang. So he came over and got it running!

“ Chris was a bright light in this world, a down-to-earth good guy. He was a key part of our high school class and the Sherwood-Newberg community. What a life well-lived! He left this earth far too soon and will be missed by so so many

“ The Grady family is heart broken to see Chris leave us. We met him 12 years ago at Wilsonville Audi. His professional life merged into a wonderful friendship where we were sharing meals, music and cars. His knowledge of cars was off the charts - and he knew how to get our cars serviced and back on the road with minimal down time. He will be missed by all of us.
