

Dolores Ann Horine

February 2, 1955 - August 23, 2024

Dolores Ann Horine (Regets), born February 2, 1955 in Whittier, California died August 23, 2024 while surrounded by her family at home in Newberg, Oregon after a 15 year fight against breast cancer.

Words cannot describe the passion for life our wife, mother, grandmother, and sister brought to this world and her family. Those in her family never questioned her love and those that knew her felt at ease to be themselves. In life, she never met a stranger. Her curiosity and loving nature will forever be missed by all.

Her drive for adventure took her across the United States with residences in California, New Jersey, Indiana, Oregon, Ohio and Kentucky. In her younger years she had dreams of becoming a jockey and had fond memories of exercising race horses at the Santa Anita Park racetrack. She put so much passion into everything that she did and she absolutely loved to give, and would give to everyone that she could. She loved to knit, cross stitch and sew and always had big projects in the works. We will miss receiving all of her hand crafted gifts that were truly made with love. She also co-authored the children's book series "The Adventures of Mr. Wilson, Beyond the Gate"..

She's survived by her husband of 46 years, Dennis Horine and her three children, Brooke Klunder (Joseph), Matthew Horine (Astrid), Cole Horine

(Alyssa) along with seven grandchildren and four cats. She's preceded in death by her parents Wallace and Billie Regets and granddaughter Norah Helen Klunder (d. 2010).

A private event will be held to scatter her ashes along the Oregon coast at a later date.

Tribute Wall

SR

“ *Sending my love and sympathy in the loss of your loved one. Dolo was a special lady! Praying for peace and comfort for all of you.*
