Donald Stephen Grant: March 1, 1935 – November 30, 2025

Don Grant lived a life brimming with curiosity. He was a thoughtful man fascinated by science and humanity.

Don grew up in San Mateo County, CA and graduated from Stanford University as well as Ohio State University as a Captain in the US Air Force.

He married his roller-skating partner, Marlene Grant, and raised their family – Steve and Susan – in the San Francisco Bay area. They had three grandchildren – Tess, Mason and Claire. Don and Marlene were devoted to each other for 68 years.

After working in Silicon Valley, he formed a lifelong partnership with Marlene – an interior designer and artist – until they retired in Oregon. May Don and Marlene rest together forever in peace.
