“ Bob & Jo were our next-door neighbors in Garden Grove California in the 70's. About 5 families from our street all moved up to Oregon and lived in the same vicinity so our families were always close. Whenever I visited mom & dad in Oregon (Ray & Shirley Kulback), we always tried to get together. When the kids were young, that usually meant a picnic. They will always have a special place in my memories.....

“ A little time has passed now but Joann's friendship was very dear to me and I will miss her all the rest of my life. I'm grateful that she's no longer suffering and that she lived a full life right until her last morning. She loved her family and her friends with a true heart, unselfishly, devoted to making us happy. - Sue Griffith

“ JoAnn was my supervisor at PGE for several years. She was firm yet very gracious. She loved her family and often shared pictures and anecdotes. She was a wonderful cook, and her shrimp puffs were always a hit at our many potlucks. We had many good times together.
