“ We only met Gary and Holly a few years ago, but I just lost one of my best buddies. Our bond was instant and strong. Our stories and laughter made the trips to chemo and radiation so much less stressful. As was his way, Gary was a comfort to ME in HIS time of need. You never saw him without a big smile and a raucous greeting. He showed us all how to live every minute we have on this earth. We miss him. Dennis & Judy Richards

“ Here are some of my favorite pictures of Gary. He was full of life, personality, love and devotion for his friends and family. He was a huge part of our family at work. He was one of the hardest workers I have ever met, had a great relationship with coworkers and customers alike, and always quick with wit and a joke. He will be absolutely missed. Always.

“ Gary's presence in our lives has been a continual blessing to us over the past 17 years, and the memories of times shared will be forever treasured in our hearts. He will be dearly and sincerely missed! However, we're most relieved to know that the pain and misery associated with Gary's illness have now been left behind. We are quite certain he is already busy going about his newly appointed mission of entertaining the angels and lightening up the atmosphere there in his new forever home...:-)

*We love you Gary...
