“ I am SO thankful for Joyce:s friendship, shared with many others. She was interested in a variety of things, but especially in people. Her writing, her teaching, her visiting - much of it was centered in people. Family, good music, photography, butterflies... Her anticipation of heaven (because of a right relationship with God) is now reality. She is seeing and hearing better than ever before.

Phyllis McCracken - January 11, 2022 at 09:21 PM
