“ *A very special man. I was a neighbor for several years and he quietly kept a watchful eye on the neighborhood; made sure everyone was ok and safe. A true man: talked quietly of his faith but lived it out loud. Such a loss to the community. We are happy that we shared life while we did and he added so much. Hard working, caring and a special human, now home with Heavenly Father. Blessings to those he left behind. God bless.*

“ *Ladd and Brooke: VERY special moments with them. We appreciate SO much their caring about our Fernwood Pioneer Cemetery and all the families there connected to so many of us, such as Sebastian Brutscher, named our city of Newberg from his hometown in Germany--our first Postmaster...so much history and Ladd's--his story! Looking upward and forward. Ronald W. Parrish Cemetery Historian God bless us, everyone. Bless you our Ladd !!*
