“ *What a privilege it was to work with Larry for 10 years at Baker. A working man’s man! Always doing what was best for the company and willing to try anything. If you were working your butt off you got to be in on some of his humor. If you weren’t....well he would let you know that too! Just a great man to work with....he will be missed.....thoughts and prayers to his family.*

“ *Larry loved coming to our house to see what Felix was up to! He visited often and helped Felix out at times as well as borrowing equipment and stuff to help him out. We always enjoyed our visits with Kathy and Larry, they were lovely neighbors and made our neighborhood a very friendly and supportive place to live. We were fortunate to see Larry just the week before he passed and had a good visit. We will miss him, Felix especially, as he so enjoyed their visits.*

“ *Larry started dating my sister when I was 4 years old. I am now 61. Larry was a best friend, a brother, and a father figure all wrapped into one. Hard for me to imagine anyone that I had more respect for. I will miss Larry dearly, but definitely a better man for spending so much time around him.*
