“ I was Larry's first Senior Director when he flew on AWACS with the 963rd (Golf 3 Flight). He was an excellent officer, extremely reliable, and a first rate Weapons Director and Instructor. We shared a room on his first deployment to the Persian Gulf and spent lots of flight time over the U.S., in the artic north of Iceland, and again in the Persian Gulf. My heart goes out to his family and friends. God bless.
