“ *May you rise up to bless Lon and Raelene who loved you so much. May you praise God who was their strength and guide.*

*One of my memories of Raelene is that she would lead me and the other cousins on a hike up the hill by Grandpa and Grandma Robertson's house. I suspect the adults wanted us kids to burn some energy so they could have peace and quiet after the holiday dinner. She's the first one of my first cousins to pass, so it hits hard.*
