“ I don't know how to express my sympathy. Hunter, I loved coaching you and I loved coming over to your house to hang out with my little buddy. While I coached, I saw a lot of father/daughter relationships, and the ones that made me happiest were relationships like yours with your dad. It was always apparent how much he loved you and how proud he was to have you as his daughter. I know that will never change. I grateful to have known Ray and to have been welcomed into your lives and treated like family for a short time.
