“ *Becky was a giver who served others. My life is an example of that. When I was a new mom of a 2 year old and pregnant with my 2nd child, I had to have an emergency knee surgery. Becky, being moved by compassion, brought her whole family and food to me. She served me, her family and my 2 year old. She had our family to dinner many times and She babysat for me. I have constant memories of her giving to me with love, service and friendship. I am so thankful and humbled by all she did for me and what a testimony she is to the lover of her soul- Jesus. I look forward to seeing her again ---whenever the Lord should call me home.*
