“ As a home health physical therapist, I worked with Robert regularly to acquire complex mobility equipment for patients. Robert was always professional, extremely knowledgeable, and reliable. When I first met Robert, I did not know what to think of him as he came off a bit intense but as I got to know him over the years, I appreciated everything about him. This is a great loss to the medical world of equipment and a loss to me personally. I was saddened to hear of his passing and wanted to share my condolences with the family.

“ My wife Carol, has MS. We met Robert through Numotions. We bonded with him almost immediately. We learned about and met his dogs that he loved so much. We met his wife and visited his newly built house he was so proud of. He gave me his personal phone number in case I needed to ask him for help. It was such a huge loss for all those who he came in touch with. We will never forget his humor, kindness and devotion to his clients. He was such a joy to be around. We will miss him and have such great memories of him. May God Bless and comfort his family always. With love Dan and Carol
