KA

“ It was my good fortune to work for Jim in Portland Oregon for several years together we co-managed four fireplace / wood stove retail stores. Jim taught me the business, sharing his knowledge and experience with me. As a mentor he took me under his wing sharing his Vietnam service details. He was a proud veteran and loving husband, I have had the good fortune to know a few good men in my life but Jim was truly one of the best there ever was rest in peace my friend. K. Tarpinian
