“*Rosie, I'm so sorry you're going through this rough time. Lots of things have happened over the years, but I'm truly thankful my dad had you by his side all these years. He wasn't the easiest man to get along with.....but you and he had an understanding. I'm grateful for that. I'm also very sad my dad and I missed out on each other and all we had to offer each other. But I did love him, and have very fond memories of him. Take care and please let me know if we can help you in any way. Love, Mark Danforth Family*
