“ My family is sending our sincere condolences to our dear aunt Vi . I know she will be truly missed by your whole family. But practically to my cousins Ron, John and Kathy she will be and their family's. I am so sorry I was unable to be at the funeral due to other circumstances though. Just a memory I thought I would like to share would be that your mom took me under her wing when I graduated from high school. She volunteered to be my model for doing her hair so that I could pass my exams to be a hair dresser. Also she was my first paying customer to have he hair done once a week at the hair salon. Other memories are she taught me how to ride a bike when I was younger. Also when ever we came over for a visit she would take us out on their farm and go horse back riding. She was a wonderful person and will truly be missed by a lot of people!!!

“ I remember when I was around 6 years old, my Uncle Bob & Aunt Vi came to our place to visit, and I asked Vi if she would teach me how to knit. The next time they came over, she brought me an old bleach container that she made into a drawstring bag with a set of knitting needles & yarn. She sat down with me, and showed me some the basics on how to knit. I was so excited after they left that I tried to teach my sister Dyan what I had learned. Carol Callihan, Vern Niehus daughter
