However, there are plenty of us supporting you in thoughts and prayers and I am sure, if you say the need, we would all figure out a way to help you. “ Aunt Eva, over the years it seems we have seen you very little really. Our lives had taken such separate pathways that they seldom managed to converge. They did however, converge on enough occasions that I am able to generate happy memories of you and your family. I remember as a kid sitting on the floor in the dining room of the townhouse, surrounded by a sea of kids! We watched someone's home movies. Tommy sat beside me and we irreverently made jokes and comments on the screen images. I remember thinking you were the cutest and littlest woman I had ever seen! And I remember U. Willie sitting at the table with all the "guys" for what seemed to me like hours! I remember thinking Oregon sounded like a very exotic place and I would love to go and visit! I am sorry that I never made that dream come true. I pray God will meet your every need and send you the comfort and help that you need in this new chapter of your life! I know you will miss Wilbert like nothing else, but I also know that God is more than enough to care for your every need! Trust Him! He loves you! And so do I and so, so many others!
